KEYNOTE OR WORKSHOP FORMAT

What Got Us Here, Won't Get Us There.

We all hit a ceiling or a wall at some point in our careers (or lives). Life has a way of both challenging us and humbling us. When you hit a ceiling it feels like you've maxed out your potential, and can't go any higher. When you run into a wall you feel emotions of fatigue and frustration. During this motivational workshop, Dr. Bruce will help you play at that next level.
